I read several reviews before calling Alex and I keep seeing how nice and courteous they were. This was very true. Communication was excellent. However, I wasn't looking for friends....I need a good quality fence. Lol. They did a FANTASTIC job on my cedar privacy fence. It is perfectly straight, level, and is built to last. We are thrilled with the outcome and I will say that they are obsessed with perfection. It really shows. I highly recommend them to anyone who is wanting a high quality fence. You can probably get one slightly cheaper from another company, but you will be calling Ancient Landmark to repair or replace it. This is a fine example of getting what you pay for. They are the ONLY option for my fencing needs from here on out.

We are so Proud of our fence!!!! ALL of the employees were very respectful. They not only built a Beautiful strong fence but left NO trash and cleaned the yard of all scraps. They went the extra mile to make sure my dogs would not be able to get out and would be safe. I was amazed at the wonderful job they did for us. Thank you!

Easy to work with. Excellent communication before during and after the job is finished. Great quality work. If you're having any wooden gate problems, see them. They'll build and install a totally braced gate that should last many years. Workmen are very courteous and leave the worksite in excellent shape. It's no wonder they stay SO BUSY with projects, since they know what they are doing.

Alex and his crew did a great job. He was able to come in and fix a disaster from Scott Fence LLC out of New Orleans, LA. Ancient Landmark Fence Co. traveled from Pineville, LA to Covington, LA and worked nonstop thru the rain and cold. Alex was able to salvage our old fence from the 1950's making me and my husband very happy. They did a great job of mixing the old character on our property with this new fabulous gate. I love it!

Ancient Landmark Fence Co replaced our tornado damaged fence. They did a beautiful job. Alex and his men where great to work with. All our neighbors have come by to see the fence inside and out. They were amazed how well the work was done. I agreed and told them to call Alex when they were ready to have a new fence. Thank you guys. Job well done.

Without hesitation, I can confidently recommend Ancient Landmark Fence Company for fencing needs. I cannot be more pleased with the experience I had with them, from the contractual process down to the last finishing touches on their excellent work. I found them to be absolutely courteous, honest, relentless about perfect construction, while using only high quality materials for a beautiful, long lasting, wooden privacy fence. They communicated very well, cleaned up after themselves and remained dedicated to my job until completion. I appreciate their standards and respect their work ethics. Alex Hanes, Owner / Contractor, and his hardworking team of Ancient Landmark Fence Company have earned my highest rating of 5 STARS, an A+.

This was a first for me. Alex came by and we talked about what and why I wanted a fence and he talked me out of a fence.. Here is a guy who puts up fences but he tells you no you don't want a fence It will not help the looks of your home. Well, Thank you Alex for being honest.. Not many Honest people out there folks but Yes I would recommend Alex in a heart beat and you can bet if I need any fence work he is who I will be using..

Easy. Made one call, scheduled an appointment, got a quote, and work was completed on time. Got exactly what we needed in a timely manner. He even called to keep us up to date during the whole process. Very professional work. Knowledgeable. Would highly recommend to a friend.
